Now it's time to start planning and there's no better place to start than with Rock My Wedding.

YOUR DAY YOUR WAY

Order our book published in 2017, bookmark our website and listen to our Podcast episodes. Think of us as one of your Bridesmaids with ALL the knowledge.

BUDGET

Work out a budget and a small contingency for any miscellaneous items that might crop up along the way.

CATERING

Whether you are picking from the menu of your chosen venue or looking to hire street food trucks, now is the time to start making some delicious decisions.

VENUE

Picking your venue early on will make booking everything else so much easier. Secure a date before you book any other vendors.

GUEST LIST

It's time to choose your wedding party and main guest list. This task is integral to you being able to pick the best venue.

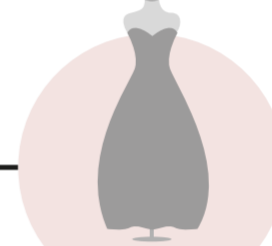

CEREMONY

You should think about the type of service you want and book your officiant/church and sort your wedding licence.

PHOTOGRAPHY

Photo/videographers get booked up very far in advance so as soon as you have your dates this should be your next move.

YOUR DRESS

Take someone you trust along with you to shop. Once you've found your dress, you can start to think about bridesmaids dresses.

STATIONERY

Your stationery will be the first thing your guests see for your wedding. Consider timings for both DIY or professionally finished 'before' and 'on the day' stationery.

GIFT LIST AND HONEYMOON FUND

We are big fans of Gift Lists and Honeymoon funds - how else will guests know what to buy you? Check out our honest comparison articles so you can make your own choice.

FLOWERS

Try and meet with your florist before you book them to make sure they understand exactly what you want on your day.

CAKE

Book a tasting session to make sure you're happy with the flavour of your cake. Check Rock My Wedding's Guide To Cakes for everything you need to know.

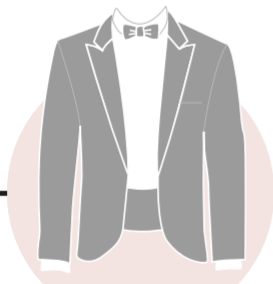

FAVOURS

Don't leave the favours to the last minute. From mini bottles of Champagne to cute cacti, there's plenty to choose from!

HAIR & MAKEUP

Always book a trial run for your hair and makeup. Mobile MUA's can make for a more relaxed morning of the wedding.

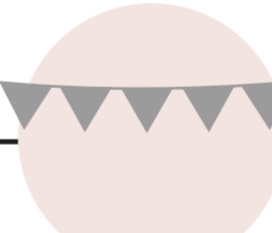

YOUR SUIT

Now is the time to finalise wedding party and I Do crew outfits. There's plenty to choose from including morning suits, tuxes, jumpsuits and more.

ENTERTAINMENT

Think about when you want entertainment during your day; ceremony, cocktail reception? Find personal recommendations so you know you're booking a great act.

DECOR

Start thinking about collecting or hiring all the decor items you want. Be careful to stick to your budget here as it can be easy to overspend.

TRANSPORT

Have you thought about how you want to get there? Limo, bus, maybe drive yourself? Choose the option that best suits you.

RINGS

If you're having rings made make sure you leave enough time to go through the process of designing and ordering them.

LOOSE ENDS

Finalise all the last jobs; table plan, order of service, write your vows, pick up your outfits, book a spa treatment and relax!
