From Rock My Wedding

RISE AND SHINE

It's time to start your day, your way. Wake up early enough to give yourself time to get ready and relax before the ceremony.

HAIR AND MAKEUP

Setting spray at the ready! Whether it's at a salon, your home or the venue, it's time to get your hair and makeup game on.

GETTING DRESSED

Outfits, accessories, and shoes at the ready! Top tip - ensure that your outfit is steamed and pressed!

CEREMONY

Deep breaths, it's ceremony time. Say your vows, exchange wedding rings, and seal the deal with a kiss HOORAY!

GROUP SHOTS & FUN

Confetti shots, smoke bombs, champagne pops and group shots... it's time to get those all important photos!

GAMES & DRINKS

Time for cocktails, canapés and wedding games! This is a great time for you and your guests to wind down after the ceremony.

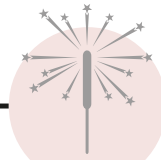

RECEPTION

From your wedding breakfast to the speeches and cutting of the cake, it's time to start celebrating with your friends.

PARTY TIME

Get your dancing shoes on, because it's time to party. What better way to celebrate your day than cutting some shapes to your favourite tunes.

FAREWELL

After a killer sparkler exit, it's time to say goodbye. Take some time to reflect on your day, and remember all the wonderful memories you created.
